**Subject:** Smurfit Stone 104(e) Information Request

Ms. McClain,

This email follows up with your request for a 30 day extension to respond to EPA's 104(e) information request regarding the Smurfit Stone Mill Site in Missoula County, Montana. EPA agrees to extend the due date of Missoula County's response from 30 days of receipt of the request to 60 days of receipt of the request. According to our records, the new due date would be June 8, 2013. Since June 8 is a Saturday, EPA will expect the response by close of business the following Monday. Please feel free to contact me with any questions.

Sincerely,

Amelia Piggott  
Attorney  
U.S. EPA Region 8
